Dear Gerald:

I received a copy of the answer to our communique in regards to that use of water by Hal Smith on North Creek. After you have gone over the letter, get in touch with C. V. Smith and Hal Smith to ascertain the facts, and then contact me. If they need a change application and have purchased the Puffer water right, let's get started on the processing of the change. If their priority is such that they still have no right to water, we should contact Lee Strong, and have him explain the situation to them. I feel that due to the tone of the letter, personal contact between you and the Smiths is best to iron out the facts and clear up the situation.

Yours truly,

  
Donald Norseth
